Dan – Do you want to pose the question about the status of the LUB GWMA letter review to Jennifer McLain? Chris Hladick sent it to David Ross, Anna Wildeman, Susan Bodine and David Ross, and David Fotouhi. No one has responded.

Carrie, Pooja, and Cathy

Do you have any update on the status of OW and OGC review of Region 10 letter to Oregon State agencies? We understand that OECA AA did not have any comments on the letter. Please give us an update when you can. We are attempting to get this to our state partners. If you have any questions, don't hesitate to contact me or Mat Martinson.

Dave, Anna, Susan and David,

Following the awareness briefing Region 10 staff provided to OW and OECA on June 4, 2020, we are transmitting a revised draft letter for your review.

As discussed, this letter clarifies the focus of EPA's inquiry in response to the SDWA 1431 petition from Food and Water Watch. We added additional information describing our review to date & acknowledge the State's existing efforts for additional context. We have emphasized EPA's willingness to assist the state in this matter. This letter and the state's response will provide additional information for EPA to respond to the Petitioner, which Region 10 committed to do in our receipt acknowledgement letter to the Petitioner dated January 29, 2020.

Please have your staff contact Jeff Kenknight or CAPT Matt Martinson here in Region 10 with any comments you have, or contact me if you wish to discuss any issues. We hope to send this letter within the next few weeks as we continue our evaluation of the petition.

Thanks for your attention to this matter.

Chris
